What's the difference between a teen book club and an adult one? Too often, the answer is Not much. Like so many programs for teens, traditional book clubs tend to be scaled-down versions of adult clubs. If book selection, taboo topics, and logistical details are the most important things that set your teen book club apart from an adult one, you could be missing a huge opportunity. Vibrant, dynamic teen book clubs—the kind teens eagerly anticipate and attend session after session—are teen-centered. Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders. Furthermore, the teen-centered book club has huge potential to further a whole range of library goals, from bringing more teen patrons through the door, to building community-wide awareness and support for the library itself. What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries—budgeting, impact on the facility and the collection, and potential attempts at censorship, to name just a few. It's also the only guide that takes a teen-centered approach, putting front-and-center the idea that, as with so many other things, book clubs for teens are not merely scaled-back versions of adult clubs.
