jeremy lin the reason for the linsanity: Intersecting Realities Hak Joon Lee, 2018-11-13 Experiencing racial marginalization in society and pressures for success in family, Asian American Christian young adults must negotiate being socially underpowered, culturally dissonant, and politically marginal. To avoid misunderstandings and conflicts within and without their communities, more often than not they hide their true thoughts and emotions and hesitate to engage in authentic conversations outside their very close-knit circle of friends. In addition, these young adults might not find their church or Christian fellowship to be a safe and hospitable place to openly struggle with all of these sorts of questions, all the while lacking adequate vocabulary or resources to organize their thoughts. This book responds to these spiritual-moral struggles of Asian American young people by theologically addressing the issues that most intimately and immediately affect Asian American youths’ sense of identity—God, race, family, sex, gender, friendship, money, vocation, the model minority myth, and community— uniquely and consistently from the contexts of Asian American young adult life. Its goal is to help young Asian Americans develop a healthy, balanced, organic sense of identity grounded in a fresh and deeper understanding of the Christian faith.

But in truth, some of our most important debates about class, race, religion, sex, and the raw quest for political power are played out both on and off the field. From the NFL lockout and the

role of soccer in the Arab Spring to the Penn State sexual abuse scandals and Tim Tebow's on-field genuflections, this timely and hard-hitting new book from the "conscience of American sports writing" offers new insights and analysis of headline-grabbing sports controversies (The Washington Post). It covers the fascinating struggles of gay and lesbian athletes to gain acceptance, female athletes to be more than sex symbols, and athletes everywhere to assert their collective bargaining rights as union members. Dave Zirin also illustrates the ways that athletes are once again using their exalted platforms to speak out and reclaim sports from the corporate interests that have taken it hostage.
