**approaching the mystery of golgotha rudolf steiner** invites a profound exploration into one of the most enigmatic and pivotal events in Christian esotericism. This article delves into Steiner's insights, examining how his approach contributes to contemporary spiritual thought and invites deeper reflection on the mystery of Golgotha.

## Understanding Rudolf Steiner's Approach to Golgotha

Rudolf Steiner's exposition on the mystery of Golgotha diverges markedly from orthodox Christian interpretations. Rather than viewing Golgotha solely as a historical event—the crucifixion of Jesus Christ—Steiner presents it as a cosmic and spiritual occurrence with implications for human evolution and consciousness. His work integrates elements of esotericism, mysticism, and anthroposophical philosophy, emphasizing an esoteric Christology that situates Christ as a cosmic being.

Steiner's lectures and writings, particularly those delivered between 1905 and 1924, outline how the Golgotha event is central to the spiritual development of humanity. He portrays it as a turning point in cosmic history, through which Christ's incarnation and sacrifice offered the possibility for human beings to overcome the forces of materialism and spiritual alienation.

## Key Themes in Steiner's Interpretation

One of the most significant themes in Steiner's approach is the concept of the "Mystery of Golgotha" as a gateway to spiritual transformation. This mystery encompasses multiple dimensions:

- **Cosmic Christ Being:** Steiner emphasizes that Christ is not merely a historical figure but a spiritual entity connected to the cosmos, whose influence extends beyond time and space.
- **Human Evolution:** According to Steiner, Golgotha marks a critical juncture in the evolution of human consciousness, enabling humanity to reconnect with its divine origins.

- **Spiritual Science:** Steiner advocates for a scientific approach to spirituality, encouraging individuals to investigate spiritual truths through disciplined inner development.

These themes illustrate how Steiner's perspective challenges conventional religious dogma while providing a framework for experiential spirituality.

## The Historical and Spiritual Context of Golgotha in Steiner's Work

Steiner situates the Golgotha event within a broader historical-spiritual context that encompasses ancient mysteries and esoteric traditions. He links Golgotha to the mysteries of earlier civilizations, such as the Egyptian and Graeco-Roman mystery schools, suggesting a continuity of spiritual wisdom that culminates in the Christ event.

This bridging of ancient wisdom and Christian mystery serves to underscore the universality of Golgotha's significance. Steiner's approach positions the event as a transformative spiritual archetype that resonates across cultures and epochs.

## Comparing Steiner's View with Traditional Christian Perspectives

Traditional Christian theology often emphasizes the atonement, sacrifice, and redemption aspects of Golgotha, focusing on Jesus' crucifixion as a historical act of salvation. In contrast, Steiner's interpretation expands this to include:

1. **Spiritual Evolution:** He sees Golgotha as an evolutionary milestone for humanity's spiritual awakening.
2. **Cosmic Dimensions:** The event is interpreted as a cosmic drama involving higher spiritual beings and the interplay between light and darkness.
3. **Individual Inner Work:** Steiner stresses the importance of personal spiritual development to internalize the mystery.

This broader vision opens up new avenues for understanding the profound effects of Golgotha on both a collective and individual level.

# Features of Steiner's Anthroposophical Method in Exploring Golgotha

Steiner's methodology revolves around what he termed "spiritual science" or anthroposophy. This approach combines rigorous intellectual inquiry with meditative practices, aiming to cultivate heightened spiritual perception. When applied to Golgotha, it entails:

- **Imaginative Cognition:** Developing vivid spiritual imagery and inner visualization to apprehend the event beyond physical senses.
- **Inspirative Thinking:** Engaging in intuitive understanding that connects abstract concepts with spiritual realities.
- **Intuitive Knowing:** Achieving direct spiritual insight through inner transformation and ethical living.

This triadic process is essential for those seeking to truly "approach the mystery of Golgotha Rudolf Steiner" describes. It is not merely an intellectual exercise but a holistic path that integrates mind, soul, and spirit.

## Practical Implications for Spiritual Seekers

Steiner's interpretation carries practical significance for individuals pursuing spiritual growth. By contemplating the mystery of Golgotha as a living spiritual reality, practitioners are encouraged to:

- Engage in meditation and reflective exercises centered on Christ's cosmic role.
- Consider the ethical transformations needed to embody Christ-like qualities such as compassion and selflessness.
- Recognize the interplay between material existence and spiritual evolution in daily life.

Such practices align with Steiner's broader vision of a spiritually awakened humanity capable of transcending materialism and reconnecting with higher consciousness.

# Critiques and Challenges in Steiner's Interpretation

While Rudolf Steiner's spiritual-scientific approach has garnered a dedicated following, it has also faced critiques from both traditional Christian theologians and secular scholars. Some criticisms include:

- **Esoteric Complexity:** Steiner's dense symbolic language and metaphysical concepts can be difficult to access without prior anthroposophical training.
- **Theological Divergence:** His views diverge significantly from orthodox Christian doctrine, leading to debates about doctrinal legitimacy.
- **Empirical Verification:** Skeptics question the empirical basis of Steiner's spiritual science, considering it more speculative than scientific.

Nevertheless, these challenges do not diminish the richness of Steiner's contribution to the ongoing discourse around Golgotha's meaning.

## Comparative Perspectives in Modern Spirituality

In contemporary spiritual circles, Steiner's insights into Golgotha resonate with broader trends toward esoteric Christianity and integrative spirituality. Many modern seekers draw parallels between Steiner's cosmic Christ and other metaphysical paradigms emphasizing universal consciousness and spiritual unity.

Moreover, Steiner's insistence on active inner work and ethical transformation is echoed in various mindfulness and contemplative traditions, highlighting the relevance of his teachings in today's context.

Truths are always of a given moment and, at each moment, must be grasped anew. This demands at each moment a renewed activity in relation to the human gift of understanding. -- Jörgen Smit (from the foreword) The goal of this study is to cultivate the experience of living, intuitive thinking, such as we experience with every new understanding. As Kühlewind puts it, this unique contribution to practice of anthroposophy has a twofold purpose: to stimulate working with spiritual science through exercises, and to stimulate independent new formulations of its content on the basis of experience. Working with Anthroposophy will help guide beginning students and inspire longtime students of the path opened up by Rudolf Steiner. As with all of Kühlewind's works, this book opens new insights with each reading.

**approaching the mystery of golgotha rudolf steiner: The Mystery of the Earth** Peter Selg, 2021-07-06 Rudolf Steiner himself did not just comment critically about the out-of-hand 'fear of bacilli' or the obsession with hygiene as modern superstition, but also warned about the dangerous reality of 'pathogens of the worst kind' that could become 'destroyers of human life' and bring with 'dreadful epidemics.' --Peter Selg This volume --written by Peter Selg between Easter and Pentecost 2020 --gathers a collection of essays on the medical, sociopolitical, and spiritual dimensions of the Covid crisis. He offers these essays as a means of orientation and explorations (in Paul Celan's meaning). The author emphasizes in his preface, however, that representatives of Anthroposophy nevertheless have an obligation to speak out on the subject: If they silence or censor themselves because they do not want to seem in any way negative as a result of their critical reflections, or because even 'before corona' they quickly became the target of various accusations, they lose nothing less than the justification for their existence, their inner identity and credibility, as well as their 'historical conscience' --the crucial meaning of which Rudolf Steiner pointed to time and again and not without reason. This book was originally published in German as *Mysterium der Erde. Aufsätze zur Corona-Zeit* (Verlag des Ita Wegman Instituts, Arlesheim, Switzerland, 2020). An earlier English translation of the essay *A Medicalized Society?* (translated by Thomas O'Keefe and Charles Gunn) first appeared in *Deepening Anthroposophy*, no. 9.1 (that translation has been revised for this volume).

**approaching the mystery of golgotha rudolf steiner: From the History of the Dornach Hill...** Angela Locher, 2024-11-25 Focusing on Marie Steiner-von Sivers' distinctive collaboration with Rudolf Steiner, *From the History of the Dornach Hill...* offers an engaging, lively narrative of the early decades of the anthroposophical movement. Utilizing eye-witness accounts and primary sources, Angela Locher creates vivid images of the developing arts at the Goetheanum – in particular eurythmy, speech formation and the dramatic arts – but also describes many fascinating aspects of general anthroposophical history. The latter include the period of cooperation with the Theosophical Society; the design and building of the first and second Goetheanums; travels, tours and visits overseas with Rudolf Steiner; the pivotal Christmas Conference of 1923/4; stage performances

including the Mystery Dramas; and Rudolf Steiner's unexpected death and its aftermath. Locher structures her absorbing study around the life of Marie Steiner – from her birth in 1867 and childhood in Russia to her eventual passing in Switzerland in 1948. 'I have written this book especially for subsequent generations of eurythmists, actors and speakers who could not experience what had been achieved in the previous century... the vital processes of the development of eurythmy and the dramatic arts. These created the foundation on which we stand today, and from which we can carry on into the future.' – Angela Locher 'This work by Angela Locher can be greeted with enthusiasm... In view of the difficult challenges of our time, more people than ever are beginning to experience that the arts are not merely a beautiful addition to life but are profoundly connected to our humanity.' – Virginia Sease

**approaching the mystery of golgotha rudolf steiner: A Road to Sacred Creation** Rudolf Steiner, 2021-08-03 Rudolf Steiner's perspectives on technology are manifold and prophetic. He not only critiqued the technology of his day, but foretold new forms of technology that would inevitably arise, technologies that would be connected to the makers' very attitudes of soul, either the good or bad within them --in other words, their deepest motivations. How we, as evolving human beings, approach technology and its development will be instrumental in determining how ultimately human evolution will turn out. Our future as human beings and the future of technology are intimately connected. --Gary Lamb Illuminating, compelling, challenging, at times staggering in its breadth, *A Road to Sacred Creation* is above all the definitive text for gaining a hold on Rudolf Steiner's nuanced perspectives on technology. Charting both an inner and outer course --part pilgrimage toward greater perception and knowledge, part dramatic, unfolding plot line of the future of humans and machines, the metaphoric road of the title is exactly where humanity finds itself today, though the exact route and destination are still to be determined. The map is not yet drawn, but here is a beginning. Taken together, the relevant concepts, ideas, and insights of Steiner --definitely brought into sequence and dialogue as the editor has done in this book --reveal how the work to arrive at a more spiritually imbued technological future not only involves all domains and fields of spiritual science and anthroposophic work, but has its origins in the very core of our being, fundamentally entwined with our moral progress toward freedom and selfless love.

**approaching the mystery of golgotha rudolf steiner: The Temple and the Grail** W. F. Veltman, 2021-06-04 In the popular imagination, the Holy Grail – part of the legendary romance of King Arthur – belongs to the realm of myth. The Knights Templar also have a legendary, enigmatic aspect. Despite the immense volume of historical research available, plausible explanations to the 'mystery' at the core of their practices have yet to be revealed. By studying these two themes side-by-side and showing their inner relationship, Veltman reveals valuable new perspectives. On the one hand he demonstrates that the 'poetic imagination' of the Grail mystery has its origin in concrete historical events; and on the other hand, that the true history of the Knights Templar is, essentially, esoteric. Combining historical research with insights gained from the work of Rudolf Steiner, Veltman presents an impressive survey of the subject, beginning with the pre-Christian Mysteries and ending with a vision of Michaelic Christianity. He analyses the significance of the holy city of Jerusalem, the Temple of Solomon, the Temple Legend, the Grail Temple, the Rosicrucians, the Templars' gold, and the fraught question of evil. In addition, he sketches the continuation or metamorphosis of the Grail and Temple impulses into the future, including the critical 'balancing' role of Europe between East and West. To become effective, this important European task – which, he says, is continually being thwarted – must be properly understood within the realm of human consciousness.

**approaching the mystery of golgotha rudolf steiner: Rudolf Steiner, Life and Work Volume 3 (1900-1914)** Peter Selg, 2015-08-01 This third volume of Peter Selg's comprehensive presentation of Rudolf Steiner's life and work begins with Steiner's invitation to lecture in the Theosophical Society during the summer of 1900. From the outset of his theosophical involvement, Steiner was resolved to serve and develop the Western path to the spirit, traversed in full, conscious clarity of thought. He was therefore critical of the tendency to avoid the modern standards of a sound

knowledge process in matters of spirituality and esotericism, and instead emphasized the importance of idealist philosophy as groundwork for understanding spiritual cognition. ("Whoever speaks of the coldness of the world of ideas can only think ideas, not experience them. Those who live the true life in the world of ideas feel in themselves the being of the world working in warmth that cannot be compared to anything else." —Rudolf Steiner, Goethe's World View) Although his approach did not always harmonize with theosophical pursuits, Rudolf Steiner recognized the sincere striving at the basis of this movement and agreed to take on increasingly greater responsibility for the German Section. Marie von Sivers, who would later become his wife, was his most supportive colleague during this time. At a decisive juncture, Steiner broke from the Theosophical Society to found the Anthroposophical Society, through which he would continue the development of modern spiritual science more freely in accord with his original intentions. This volume covers the period during which Steiner wrote some of his foundational works: Christianity as Mystical Fact, Theosophy, Knowledge of the Higher Worlds, and An Outline of Esoteric Science. Peter Selg also describes the building of the first Goetheanum in Dornach as an artistic embodiment of esoteric wisdom, giving rise to an international working community, as well as the performance of the mystery dramas and Rudolf Steiner's profound Christological lectures known as the Fifth Gospel.

The intention of this volume is to give a fuller picture of Rudolf Steiner's work in Britain, and his approach to esoteric ideas while on British soil. Although the major lecture series he gave in Britain have been previously published, this book gathers together various lectures, addresses, question-and-answer sessions, minutes of important meetings and articles - a good deal of which has been unavailable in English until now. It also features a complete list of all the lectures and addresses Steiner gave in Britain, making it a valuable reference book for students of Rudolf Steiner's work.

**approaching the mystery of golgotha rudolf steiner:** Rudolf Steiner, Fragment of a Spiritual Biography Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O. Prokofieff's life's work was a fundamental research-theme to which he returned to repeatedly: the individuality of Rudolf Steiner as manifested through his past incarnations on Earth. Beginning in 1982, inspired by a visit to an exhibition on The Epic of Gilgamesh, Prokofieff planned a full-scale spiritual biography with the intention of finding an answer to the question: Who is Rudolf Steiner? In a sequence of five past incarnations - as indicated by Steiner himself - and culminating in the life of Rudolf Steiner, Prokofieff searched for the inner thread between the six stages of this great, all-encompassing life. His intention was to find not only the outer connections in this sequence but also the deeper, more esoteric stream that offers the key to the unique significance of this individuality. In 1984, Prokofieff began to write the first chapter about Rudolf Steiner's incarnation as Enkidu in Sumer. Sadly, many obstacles in his path were to prevent him finalising the project. However, the author returned to the book in his final months, preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner's evolutionary journey. This precious 'fragment' of a biography features valuable additional material, including: a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters; a detailed spiritual-scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner's connection with the being of Jesus of Nazareth, and an exploration of Steiner's relationship to the Nathan soul, the Luke Jesus child. Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples.

**approaching the mystery of golgotha rudolf steiner: The Creative Power of Anthroposophical Christology** Sergei O. Prokofieff, Peter Selg, 2011-10 18 Introductory essays, written 1884-1897 (CW 1) The holistic paradigm, Gaia, deep ecology, and new alchemy all have a hidden ancestor: Johann Wolfgang von Goethe (1749-1832). At the youthful age of twenty-one, Steiner was chosen to edit Goethe's scientific writings for the principle Goethe edition of his time. Goethe's literary genius was universally acknowledged; it was Steiner's task to understand and comment on Goethe's scientific achievements. Steiner recognized the significance of Goethe's work with nature and his epistemology, and here began Steiner's own training in epistemology and spiritual science. This collection of Steiner's introductions to Goethe's works re-visions the meaning of knowledge and how we attain it. Goethe had discovered how thinking could be applied to organic nature and that this experience requires not just rational concepts but a whole new way of perceiving. In an age when science and technology have been linked to great catastrophes, many are looking for new ways to interact with nature. With a fundamental declaration of the interpenetration of our consciousness and the world around us, Steiner shows how Goethe's approach points the way to a more compassionate and intimate involvement with nature. Nature's Open Secret is a translation of Goethes Naturwissenschaftliche Schriften, Einleitungen, (1884-1897). Previous translations were titled Goethe the Scientist and Goethean Science. (GA 1).

**approaching the mystery of golgotha rudolf steiner: The Gospel of John** Rudolf Steiner,

2022-09-06 12 lectures, Hamburg, May 18-31, 1908 (CW 103) It was Steiner's intention in these lectures to establish the ways in which this Gospel and its author, Lazarus-John, the one Christ called the beloved disciple, provided one of the surest paths to an understanding of the profound relationship of Christ to each human person and to Earth.... He leads his audience, and us readers, to an understanding of Lazarus-John unknown even to the other three primary evangelists --Matthew, Mark, and Luke --who wrote their Gospels several decades before Lazarus-John. -- Robert McDermott (from the introduction) In these twelve profound lectures, Rudolf Steiner uncovers and reclaims the essential truths of Christianity, illuminating the Gospel of John in all its majesty, power, and far-reaching significance. Foremost among the revelations to be found here is the identity of the writer of John's Gospel --the risen Lazarus, the disciple whom the Lord loved. Lazarus-John, the first to be initiated by Christ Himself, wrote his Gospel out of the deepest wellsprings of knowledge, implanting within it vital spiritual forces. As Steiner states in the final lecture of this volume, This Gospel is not a textbook but a force that can work within our souls. It is this force living in the words and rhythms of John's Gospel that purifies the soul, transforming it --in the language of esoteric Christianity --into the Virgin Sophia, receptive to the Holy Spirit. Along this path, we come to recognize that Christianity, far from being a codified system of beliefs, is a living power within the evolution of humanity, a power that is only at the beginning of its activity. What Steiner calls the Mystery of Golgotha --the death and resurrection of Christ --stands as the turning point of time, the event through which the Earth receives its meaning. The effects of this event, and the further activity of Christ as the Spirit of the Earth, will continue to evolve from year to year, century to century, until one day in the distant future, Christianity will fulfill its mission. This cannot happen, however, until Christianity is understood in its true, spiritual form. This lecture cycle is an essential guide to understanding the true mission of Christianity, a guide to spiritualizing the Earth, transforming the Cosmos of Wisdom into the Cosmos of Love. As with all great books, The Gospel of

John not only imparts knowledge --it can also change you. Our lectures on the Gospel of John will have a double purpose. One will be the deepening of the concepts of anthroposophy themselves and their expansion in many directions, and the other will be to make this great document itself comprehensible by means of the thoughts that will arise in our souls in consequence of these deepened and expanded concepts. I beg you to hold clearly in mind that it is the intention of these lectures to proceed in these two directions. It should not be simply a question of arguments about this Gospel, but rather that by means of the latter we shall penetrate into the deep mysteries of existence. We should hold very clearly in mind how the perspective of anthroposophy must be developed when we are dealing with any of the great historical records handed down to us by the different religions of the world. -- Rudolf Steiner (lecture 1) This volume is a translation from German of *Das Johannes-Evangelium* (GA 103). **approaching the mystery of golgotha rudolf steiner:** *Approaching the Mystery of Golgotha* Rudolf Steiner, 2006 In February of 1913 - a landmark year for Rudolf Steiner and Anthroposophy - the first General Meeting of the Anthroposophical Society was held. In September, the Foundation Stone for the Goetheanum was laid in Dornach. The ground for Anthroposophy as we know it today was established. Such is the background for the remarkable lectures contained in this volume. Outwardly, they begin to set the record straight. Inwardly, they seek to establish a right relationship of service to Christ and the spiritual worlds in accord with the spirit of the times, the archangel Michael.

**approaching the mystery of golgotha rudolf steiner: An Esoteric Cosmology** Rudolf Steiner, 2008 A congress of the Federation of European Sections of the Theosophical Society was held in Paris in May 1906. Rudolf Steiner attended with a number of students and presented a series of lectures to a small circle of friends, mostly society members. Edouard Schuré was present and made succinct notes of those talks, the result of which is *An Esoteric Cosmology: Evolution, Christ, and Modern Spirituality*. In its foreword, Schuré describes his initial impressions of Rudolf Steiner and the force of his vision: These priceless lectures mark a significant phase of Rudolf Steiner's thought-that of the spontaneous burst of his genius and its first crystallization. Indeed, his notes record perhaps the first general outline and summary of what would become Anthroposophy, or spiritual science. At the time of these lectures, most members viewed Theosophy as a kind of Europeanized Indian philosophy. Thus, one purpose of these lectures was to outline Steiner's Christ-centered spiritual science in contrast to the more Eastern orientation of Theosophy. He carefully connected the essence of spiritual science to the role of the Christ in human evolution, as well as to the Rosicrucian and Christian mystery traditions, the primary carriers of the esoteric Christian stream. To accomplish this, Steiner presented the roots of Christianity in the ancient mysteries and in the evolution of the whole universe itself. The miracle of these lectures, perhaps, is that Steiner was able to condense such a grand cosmology into these eighteen lectures, and that Edouard Schuré was able to capture their essence in the relatively brief notes that constitute this book. A few years later, the substance of these lectures were expanded and presented in Rudolf Steiner's *Outline of Esoteric Science*. These lecture notes will prove invaluable for all those who wish to better understand that book, as well as Rudolf Steiner's Christian cosmology and perspective on esoteric Christianity and the Christian mysteries.

**approaching the mystery of golgotha rudolf steiner: The Death of Religion and the Rebirth of Spirit** Joseph Chilton Pearce, 2007-03-02 Social visionary Joseph Chilton Pearce's indictment of cultural imprinting as the cause of humankind's cruel and violent behavior • Refutes the Neo-Darwinist assumption that violence is inherent in humanity • Identifies religion as the sustaining force behind our negative cultural imprinting • Shows how infant-adult interactions unconsciously block the creative spirit We are all too aware of the endless variety of cruel and violent behavior reported to us in the media, reminded daily that in every corner of the world someone is suffering or dying at the hands of another. We have to ask: Is this violence and cruelty

endemic to our nature? Are we, at our foundation, really so murderous? In *The Death of Religion and the Rebirth of Spirit*, Joseph Chilton Pearce, life-long advocate of human potential, sounds an emphatic and convincing no. Pearce explains that beneath our awareness, culture imprints a negative force-field that blocks the natural rise of the spirit toward its innate nature of love and altruism. Further, he identifies religion as the primary cultural force behind this negative imprinting. Drawing from recent neuroscience, neurocardiology, cultural anthropology, and brain development research, Pearce explains that the key to reversing this trend can be found in the interaction between infants and adults. The adult mind-set effectively compromises the infant's neural and hormonal interactions between the heart and the higher evolutionary structures of the developing brain, thus keeping us centered primarily in our most primitive and defensive neural foundations, generation after generation. Pearce shows us that if we allow the intelligence of the heart to take hold and flourish, we can reverse this unconscious loss of our true nature.

**approaching the mystery of golgotha rudolf steiner:** Christ and the Human Soul Rudolf Steiner, 2023-07-05 10 Lectures in Copenhagen and Norrköping, May 23-30, 1912, July 12-16, 1914 (CW 155) Spiritual science does not want to replace Christianity; rather, it aims to be the instrument through which the meaning of Christianity can be grasped. And one thing that will become particularly clear through spiritual science is that the being whom we call Christ must be recognized as the center of life on earth, and that what we call the Christian faith is the ultimate religion, the eternal religion for the future of the earth. -- Rudolf Steiner (July 13, 1914) This collection of lectures from 1912 and 1914 offers a deepened understanding of the being of Christ, the divine Logos, in his connection with individual human souls. From religious figures such as John the Baptist and Saint Francis to the twentieth-century poet Christian Morgenstern, these lectures reveal how Christ works with and through all who seek him. The Pauline statement, Not I, but Christ in me, becomes an inner guide by which each human soul can find a way to intimate union with the Christ being. It is he who has the power to make our ideals and goals in life--if they are worthy--into true seeds of future reality. The time of faith has come and gone. Christ needs our conscious striving, our effort to understand, within the heart's deep core, his ongoing presence and activity in the further evolution of our spiritual Earth and in our journey toward humanness. These lectures are a comfort and a signpost for the soul to walk the inner path of communion with Christ for the healing and redemption of the earth. We may be able, in the end, to redeem the karma accrued by our own individual souls, but for our spiritual work to be fruitful for all humanity it must be brought into connection with Christ. What we take into ourselves in such a way that it is done from the perspective of 'Not I'-- this is what Christ makes into a common possession for all humanity (July 14, 1914). To know Christ means to undergo the school of selflessness.... Under the influence of materialism, the selflessness of humanity was lost in a way, as will be understood in future ages of humanity. However, through absorption in the Mystery of Golgotha, the penetration of the knowledge of the Mystery of Golgotha with our whole feeling and soul being, we can once again acquire a culture of selflessness. We can come to understand that what Christ did for the development of the Earth is contained in the fundamental impulse of selflessness, and that what he can become for the conscious development of the human soul is the school of selflessness! -- Rudolf Steiner (June 1, 1914) To read these lectures is to strike out on the heart's path of fellowship with the living Christ. This book is a translation from German of *Christus und die Menschliche Seele. Über den Sinn des Lebens - Theosophische Moral - Anthroposophie und Christentum* (GA 155, 3rd ed.), Rudolf Steiner Verlag, Dornach, Switzerland, 1994. **approaching the mystery of golgotha rudolf steiner:** Rudolf Steiner's Sculptural Group Sergei O. Prokofieff, 2013 Saved by good fortune from the flames that engulfed the first Goetheanum, Rudolf Steiners wooden sculpture of the Christ, the Representative of Humanity, standing between the adversary forces of Lucifer and Ahriman, remains intact, although unfinished, and on display to this day. Unique in the history of art, the Sculptural Group was deeply connected to Rudolf Steiners inner being. The great Christian initiate even died by its side, having made efforts

to work on the sculpture days before he crossed the threshold.
