Broadway Here I Come Lyrics

broadway here i come lyrics: Swing Along Marva Carter, 2008-09-11 Renowned today as a prominent African-American in Music Theater and the Arts community, composer, conductor, and violinist Will Marion Cook was a key figure in the development of American music from the 1890s to the 1920s. In this insightful biography, Marva Griffin Carter offers the first definitive look at this pivotal life's story, drawing on both Cook's unfinished autobiography and his wife Abbie's memoir. A violin virtuoso, Cook studied at Oberlin College (his parents' alma mater), Berlin's Hochschule für Musik with Joseph Joachim, and New York's national Conservatory of Music with Antonin Dvorak. Cook wrote music for a now-lost production of Uncle Tom's Cabin for the Chicago World's Fair of 1893, and then devoted the majority of his career to black musical comedies due to limited opportunities available to him as a black composer. He was instrumental in showcasing his Southern Syncopated Orchestra in the prominent concert halls of the United States and Europe, even featuring New Orleans clarinetist Sidney Bechet, who later introduced European audiences to authentic blues. Once mentored by Frederick Douglass, Will Marion Cook went on to mentor Duke Ellington, paving the path for orchestral concert jazz. Through interpretive and musical analyses, Carter traces Cook's successful evolution from minstrelsy to musical theater. Written with his collaborator, the distinguished poet Paul Lawrence Dunbar, Cook's musicals infused American Musical Theater with African-American music, consequently altering the direction of American popular music. Cook's *In Dahomey*, hailed by Gerald Bordman as one of the most important events in American Musical Theater history, was the first full-length Broadway musical to be written and performed by blacks. Alongside his accomplishments, Carter reveals Cook's contentious side- a man known for his aggressiveness, pride, and constant quarrels, who became his own worst enemy in regards to his career. Carter further sets Cook's life against the backdrop of the changing cultural and social milieu: the black theatrical tradition, white audiences' reaction to black performers, and the growing consciousness and sophistication of blacks in the arts, especially music.

broadway here i come lyrics: The Complete Lyrics of Johnny Mercer Johnny Mercer, Robert Kimball, Barry Day, Miles Kreuger, Eric Davis, 2009-10-20 The seventh volume in Knopf's critically acclaimed Complete Lyrics series, published in Johnny Mercer's centennial year, contains the texts to more than 1,200 of his lyrics, several hundred of them published here for the first time. Johnny Mercer's early songs became staples of the big band era and were regularly featured in the musicals of early Hollywood. With his collaborators, who included Richard A. Whiting, Harry Warren, Hoagy Carmichael, Jerome Kern, and Harold Arlen, he wrote the lyrics to some of the most famous standards, among them, "Too Marvelous for Words," "Jeepers Creepers," "Skylark," "I'm Old-Fashioned," and "That Old Black Magic." During a career of more than four decades, Mercer was nominated for the Academy Award for Best Song an astonishing eighteen times, and won four: for his lyrics to "On the Atchison, Topeka, and the Santa Fe" (music by Warren), "In the Cool, Cool, Cool of the Evening" (music by Carmichael), and "Moon River" and "Days of Wine and Roses" (music for both by Henry Mancini). You've probably fallen in love with more than a few of Mercer's songs—his words have never gone out of fashion—and with this superb collection, it's easy to see that his lyrics elevated popular song into art.

broadway here i come lyrics: It's Only Words Bob Burrows A.I.B., 2025-01-03 Most of us can hum, whistle, or tap out a favourite tune but not too many of us can recall the lyrics, the words. Yet it is the skill of the wordsmith, the lyricist who at the stroke of a pen can transport us, if only for a moment, into our own world recalling cathartic events, romantic moments and nostalgic longings for times gone by. In just a few short strokes of his pen the skilled lyricist can move us to tears or anger or is able to stimulate pride or joy. Popular music is at an all-time high and I would defy anyone reading this book not to be able to find a song that they could not identify with or indeed have been emotionally associated with at some point in their formative years or indeed in their twilight years! During the writing of this book, I admit to many moments, good and bad, when the words of skilled lyricists left their songs stimulating incidents and memories long since relegated to the back of my mind!

broadway here i come lyrics: Off Broadway Musicals, 1910-2007 Dan Dietz, 2010-03-10 Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

broadway here i come lyrics: **Encyclopedia of Great Popular Song Recordings** Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s; rhythm & blues, bluegrass, and bebop in the 1940s; the rock & roll revolution of the 1950s; modern soul, the British invasion, and the folk-rock movement of the 1960s; and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.
