my sister the vampire revamped: Horrifying Sex Ruth Bienstock Anolik, 2007-07-16 The Gothic moment in literary history arose in the age of the Enlightenment, and the Gothic fascination with the unknown reflects the Enlightenment's response to the limits of reason. Traditionally, the emblem of the unknown that lurks in the Gothic is the supernatural, the monstrous, and the inhuman. Often overlooked is the observation that Gothic texts are also haunted by figures that represent the mystery of sexuality. This collection of essays sharpens that observation and asserts that Gothic anxieties about sexuality are likewise rooted in fear of the unknown, represented by sexual practices and desires that either lie hidden or deviate from cultural norms. The first three sections refer to popular as well as marginalized Gothic texts to portray the three prototypes of sexual deviance: the female sexual Other in *The Fatal Woman*; the male sexual Other in *The Satanic Male*; and the homosexual Other in *Homosexual Horror*. The fourth section covers literary works that celebrate sexual difference and question the idea that the sexually deviant is socially Other.

my sister the vampire revamped: Studying Sexualities Niall Richardson, Clarissa Smith, Angela Werndly, 2013-05-31 Sexuality is an integral part of our lives, and our identities. But how do we study it? Written in a lively and accessible style, *Studying Sexualities* aims to introduce students to the critical study of sexuality, taking a look at the major theories, media representations, and cultural practices. After having carefully explained the key theoretical and empirical debates on the subject - outlining Foucauldian Constructionism, Psychoanalysis, and Queer Theory - the authors draw on their own original research to address timely topics related to gender, sexuality, and

popular culture. Contemporary examples used within the book include discussions of sex shops, cybersex, and sex toys, the TV series Sex and the City, Will and Grace and The L Word, and the immensely popular Twilight books. Studying Sexualities is essential reading for undergraduate and postgraduate students on Cultural, Media, Film, or visual Studies, or Sociology and Sexuality courses, who are interested in researching the fascinating complexities of sexuality today. NIAL RICHARDSON is a lecturer at the University of Sussex, and CLARISSA SMITH and ANGELA WERNDLY are lecturers at the University of Sunderland, UK. This book is the culmination of their considerable teaching and writing experience within the field of sexualities. Their specific research interests include feminism and popular culture, queer theory, the body and consumption.

my sister the vampire revamped: History Films, Women, and Freud's Uncanny Susan E. Linville, 2004-06-01 History films were a highly popular genre in the 1990s, as Hollywood looked back at significant and troubling episodes from World War II, the Cold War era, and the techno-war in the Persian Gulf. As filmmakers attempted to confront and manage intractable elements of the American past, such as the trauma of war and the legacy of racism, Susan Linville argues that a surprising casualty occurred—the erasure of relevant facets of contemporary women's history. In this book, Linville offers a sustained critique of the history film and its reduction of women to figures of ambivalence or absence. Historicizing and adapting Freud's concept of the uncanny and its relationship to the maternal body as the first home, she offers theoretically sophisticated readings of the films *Midnight Clear*, *Saving Private Ryan*, *The Thin Red Line*, *Nixon*, *Courage Under Fire*, *Lone Star*, and *Limbo*. She also demonstrates that the uncanny is not only a source of anxiety but also potentially a progressive force for eroding nostalgic ideals of nation and gender. Linville concludes with a close reading of a recent 9/11 documentary, showing how the patterns and motifs of 1990s history films informed it and what that means for our future.

my sister the vampire revamped: Contemporary Women's Gothic Fiction Gina Wisker, 2016-11-04 This book revives and revitalises the literary Gothic in the hands of contemporary women writers. It makes a scholarly, lively and convincing case that the Gothic makes horror respectable, and establishes contemporary women's Gothic fictions in and against traditional Gothic. The book provides new, engaging perspectives on established contemporary women Gothic writers, with a particular focus on Angela Carter, Margaret Atwood and Toni Morrison. It explores how the

Gothic is malleable in their hands and is used to demythologise oppressions based on difference in gender and ethnicity. The study presents new Gothic work and new nuances, critiques of dangerous complacency and radical questionings of what is safe and conformist in works as diverse as *Twilight* (Stephenie Meyer) and *A Girl Walks Home Alone* (Ana Lily Amirpur), as well as by Anne Rice and Poppy Brite. It also introduces and critically explores postcolonial, vampire and neohistorical Gothic and women's ghost stories.
