larry the cable guy interview: I Drink for a Reason David Cross, 2009-08-31 The star and creative force behind Mr. Show and Arrested Development pens his first and final book, chronicling his meteoric rise and abysmal fall in the literary world. After a decade spent in isolation in the Ugandan jungles thinking about stuff, David Cross has written his first book. Known for roles on the small screen such as never-nude Tobias Funke on Arrested Development and the role of David in Mr. Show With Bob And David, as well as a hugely successful stand-up routine full of sharp-tongued rants and rages, Cross has carved out his place in American comedy. Whether deflating the pomposity of religious figures, calling out the pathetic symbiosis of pseudo-celebrity and its leaching fandom, or merely pushing the buttons of the way-too-easily offended P.C. left or the caustic, double-standard of the callous (but funnier) right, Cross has something to say about everyone, including his own ridiculous self. Now, for the first time, Cross is weaving his media mockery, celebrity denunciation, religious commentary and sheer madness into book form, revealing the true story behind his almost existential distaste of Jim Belushi (The Belush), disclosing the up-to-now unpublished minutes to a meeting of Fox television network executives, and offering up a brutally grotesque run-in with Bill O'Reilly. And as if this wasn't enough for your laughing pleasure in these troubled times, some of the pieces splinter off with additional material being created online in exclusive video and animated web content created solely for the book—a historical first (presumably)! With a mix of personal essays, satirical fiction posing as truth, advice for rich people, information from America's least favorite Rabbi and a top-ten list of top-ten lists, I Drink for a Reason is as

unique as the comedian himself, and cannot be missed.

This generously illustrated history examines over 225 Army, Navy and Marine-related comedies produced between 1918 and 2009, including the abundance of laughspinners released during World War II in the wake of Abbott and Costello's phenomenally successful *Buck Privates* (1941), and the many lighthearted service films of the immediate postwar era, among them *Mister Roberts* (1955) and *No Time for Sergeants* (1958). Also included are discussions of such subgenres as silent films (*The General*), military-academy farces (*Brother Rat*), women in uniform (*Private Benjamin*), misfits making good (*Stripes*), anti-war comedies (*MASH*), and fact-based films (*The Men Who Stare at Goats*). Come read about how an ordinary kid in a Navy family grew up to marry the toddler two doors down. Read about my teen years in Italy and how I, as a 130 lb. band geek, received a congressional appointment to the USAF Academy. Follow me through life as a cadet. Find out how we made our own fun with coke bottles, Frisbees, lighter fluid, super glue, a condom, a pillow case, and a lot of water. See pilot training from the perspective of the student and the instructor. Once I'm all trained up in the F-15, I'll strap you in with me. (It'll be a tight fit because there's only one seat and it's mine!) Together, we'll take my mission ready check ride and repeatedly spank Maverick and Goose in their F-14. Then we'll scramble to fly into the night sky and fly out over the dark Atlantic to intercept Soviet TU-95 Bear bombers patrolling our east coast during the Cold War. Then we'll join a 4-ship of Eagles to take on an unknown number or type of adversaries. See how our four jets did against six bad guys. During that fight we'll peel off to go 1 v 2 against F-16s. I push as close as I dare against the barriers that would make this book classified. When you see what God enabled that 130 lb. band geek to achieve; you'll get it: With God, nothing is impossible. But more importantly, see God's fingerprints on my life and let me challenge your thinking about His amazing grace.

larry the cable guy interview: Strange Bedfellows Russell Peterson, 2008-03-05 It is no coincidence that presidential candidates have been making it a point to add the late-night comedy circuit to the campaign trail in recent years. In 2004, when John Kerry decided it was time to do his first national television interview, he did not choose CBS's *60 Minutes*, ABC's *Nightline*, or NBC *Nightly News*. Kerry picked Comedy Central's *The Daily Show*. When George W. Bush was lagging in the polls, his appearance on the *David Letterman Show* gave him a measurable boost. Candidates for the 2008 presidential election began their late-night bookings almost as soon as they launched their

campaigns. How can this be? The reason is that polls have been consistently finding that a significant number of Americans—and an even larger proportion of those under the age of thirty—get at least some of their “news” about politics and national affairs from comedy shows. While this trend toward what some have called “infotainment” seems to herald the descent of our national discourse—the triumph of entertainment over substance—the reality, according to Russell L. Peterson, is more complex. He explains that this programming is more than a mere replacement for traditional news outlets; it plays its own role in shaping public perception of government and the political process. From Johnny Carson to Jon Stewart, from Chevy Chase’s spoofing of President Ford on Saturday Night Live to Stephen Colbert’s roasting of President Bush at the White House Correspondents Dinner, *Strange Bedfellows* explores what Americans have found so funny about our political institutions and the people who inhabit them, and asks what this says about the health of our democracy. Comparing the mainstream network hosts—Jay, Dave, Conan, and Johnny before them—who have always strived to be “equal opportunity offenders” to the newer, edgier crop of comedians on cable networks, Peterson shows how each brand of satire plays off a different level of Americans’ frustrations with politics.

larry the cable guy interview: Vaudeville on the Diamond David M. Sutera, 2014-01-09 Over the last couple of decades, minor league baseball games have shown substantial attendance figures, with more than forty-one million spectators in both 2010 and 2011. With all the high-tech, live-streaming, fast-paced entertainment available to consumers, what is it about minor league baseball that still holds appeal with today’s audiences? With access to major league games broadcast on countless cable networks, what draws fans to small stadiums to watch obscure players struggle to make the big time? Sports historian David M. Sutera set out to answer these questions by visiting fourteen minor league baseball parks around the country. In *Vaudeville on the Diamond*, Sutera discusses the lure of minor league baseball with fans, players, and team representatives, examining how teams have survived and thrived in today’s competitive entertainment world. Combining interviews with game-day observations, Sutera argues that minor league baseball’s key to survival lies in the creation of on- and off-field attractions that invoke the traditions of vaudeville with their unique and quirky spectacle. From inviting fans to participate in dizzy bat competitions and races against the mascot to featuring Star Wars theme nights and monkeys riding border collies, teams have created a multifaceted form of entertainment that transcends the game itself. Part study and part travelogue, *Vaudeville on the Diamond* features numerous photographs of on-field entertainment, showcasing the vaudevillian side of minor league baseball. A light-hearted and engaging look at the minor leagues, this book will appeal not only to scholars and students of popular culture, sports and leisure studies, and sports management but to all fans of baseball and minor league sports.

Jerry the cable guy interview: Taking a Stand Jared N. Champion, Peter C. Kunze, 2021-11-15 Contributions by Jared N. Champion, Miriam M. Chirico, Thomas Clark, David R. Dewberry, Christopher J. Gilbert, David Gillota, Kathryn Kein, Rob King, Rebecca Krefting, Peter C. Kunze, Linda Mizejewski, Aviva Orenstein, Raúl Pérez, Philip Scepanski, Susan Seizer, Monique Taylor, Ila Tyagi, and Timothy J. Viator Stand-up comedians have a long history of walking a careful line between serious and playful engagement with social issues: Lenny Bruce questioned the symbolic valence of racial slurs, Dick Gregory took time away from the stage to speak alongside Martin Luther King Jr., and—more recently—Tig Notaro challenged popular notions of damaged or abject bodies. Stand-up comedians deploy humor to open up difficult topics for broader examination, which only underscores the social and cultural importance of their work. **Taking a Stand: Contemporary US Stand-Up Comedians as Public Intellectuals** draws together essays that contribute to the analysis of the stand-up comedian as public intellectual since the 1980s. The chapters explore stand-up comedians as contributors to and shapers of public discourse via their live performances, podcasts, social media presence, and political activism. Each chapter highlights a stand-up comedian

and their ongoing discussion of a cultural issue or expression of a political ideology/standpoint: Lisa Lampanelli's use of problematic postracial humor, Aziz Ansari's merging of sociology and technology, or Maria Bamford's emphasis on mental health, to name just a few. *Taking a Stand* offers a starting point for understanding the work stand-up comedians do as well as its reach beyond the stage. Comedians influence discourse, perspectives, even public policy on myriad issues, and this book sets out to take those jokes seriously.

larry the cable guy interview: *How Popular Culture Destroys Our Political Imagination* Eugene Nulman, 2024-11-29 *How Popular Culture Destroys Our Political Imagination: Capitalism and Its Alternatives in Film and Television* explores the representations of capitalism, the state, and their alternatives in popular screen media texts. Acknowledging the problems that stem systemically from capitalism and the state, this book investigates an often-overlooked reason why society struggles to imagine alternative economic and political systems in our neoliberal age: popular culture. The book analyzes 455 screen media texts in search of critiques and alternative representations of these systems and demonstrates the ways in which film and television shape the way we collectively see the world and imagine our political futures. It suggests that popular culture is the answer to the question of why it is easier to imagine the end of the world than the end of capitalism. Contributing to the areas of sociology, media studies, and utopian studies, this book provides insights into the topic of popular culture and politics in a theoretically informed and entertaining manner. The book will be useful to both students and scholars interested in these topics, as well as activists and organizers seeking to make the world a better place.

larry the cable guy interview: *The Customer Is Always Wrong* Jeff Martin, 2008-10-01 From mom-and-pop general stores to big-box, strip-mall chains, it is impossible to consider the American experience without thinking about the buying-and-selling retail culture: the sales and the stockrooms, the shift managers, and the clock punchers. *The Customer Is Always Wrong* is a tragicomic and all-too revealing collection of essays by writers who have done their time behind the counter and lived to tell their tales. Jim DeRogatis, author of *Let It Blurt*, for example, describes

hanging out with Al himself at Al Rocky's Music Store, while Colson Whitehead explains how three summers at a Long Island ice cream store gave him a lifelong aversion to all things dessert-like. This book not only shines a light on the absurdities of retail culture but finds the delight in it as well.

larry the cable guy interview: *American Cowboy*, 2007-11 Published for devotees of the cowboy and the West, *American Cowboy* covers all aspects of the Western lifestyle, delivering the best in entertainment, personalities, travel, rodeo action, human interest, art, poetry, fashion, food, horsemanship, history, and every other facet of Western culture. With stunning photography and you-are-there reportage, *American Cowboy* immerses readers in the cowboy life and the magic that is the great American West.

Hotes, 2011-03-10 THIS BOOK IS A PRIMER AND GUIDE FOR THOSE WHO ARE BEGINNING THEIR PRACTICE IN THE FIELD OF ORGANIZATION DEVELOPMENT. IT IS ALSO INTENDED TO BE USEFUL FOR THOSE WHO ARE EXPERIENCED PRACTITIONERS IN OD AND THOSE WHO MANAGE ORGANIZATIONAL CHANGE.

larry the cable guy interview: *Coarseness in U.S. Public Communication* Philip Dalton, Eric Mark Kramer, 2012-08-31 Public expression in the United States has become increasingly coarse. Whether it's stupid, rude, base, or anti-intellectual talk, it surrounds us. Popular television, film, music, art, and even some elements of religion have become as coarse, we argue, as our often-disparaged political dialogue. This book's contention is that the U.S. semantic environment is governed by tactics, not tact. We craft messages that work—that perform their desired function. We are instrumental, strategic communicators. As such, entertainment and journalism that draw an audience, for instance, are “good.” This follows the logic that the marketplace, an aggregate of hedonically motivated individuals, decides what's good. Market logic, when unencumbered by what some characterize as quaint human sentimentalities, liberates us to cynically communicate whatever and however we want. Whatever improves ratings, web traffic, ticket sales, concession sales, repeat purchases, and earnings is good. Embracing this communicative paradigm more fully necessitates the culture's abandonment of collective notions of both taste and veracity, thus weakening the forces that keep individual desires in check. Our present communication environment is one that invites the hypertrophic expression of the ego, enabling elites to erode public communication standards and repeal laws and regulations resulting in immeasurable individual fortunes. Meanwhile, perpetual plutocratic rule is made even more certain by the cacophonous public noise the rest of us are busy making, leaving us incapable, disinterested, and unwilling to listen to one another.

larry the cable guy interview: *Things I Have Saw and Did* Danny Andrews, 2014-10-03 ?Things I Have Saw and Did??the title derived from a grammatically challenged sports officiating friend?is a compilation of some 250 stories gleaned from Danny Andrews?s diverse life experiences. He has been a journalist, including 39 years of column, news, feature and sports writing for The Plainview, Texas, Daily Herald; sports broadcaster, sports official and basketball magazine publisher; involved in a variety of community organizations; an active Christian layman; and, for the past eight years, the alumni director at his alma mater, Wayland Baptist University. The stories include his family; growing-up years in Plainview; longtime friends and chance encounters with celebrities; experiences in school and Wayland; playing, officiating, reporting on, and broadcasting sports; interesting Herald and Hearst newspaper colleagues and experiences; faith, church and mission ventures; and a collection of miscellaneous tales. Andrews says he?s been ?Thinking Out Loud? (the title of his Herald column for 28 years and his musings for the Wayland alumni magazine) since his formal journalism career began almost 50 years ago. He brings his subjects to life with vivid detail, humor and pathos, hoping to foster in readers memories of their own similar experiences, to take them vicariously to meet with presidents in the White House, confront cantankerous newspaper readers, share humorous glimpses of sports officiating and broadcasting, relate tales that prove this is a small world after all and, perhaps, encourage their own faith journey.
