poetry for the hip hop at heart mickey bey: Rap, Rhyme and Rhythm Paul Alfred Barton, 2004 Wordrider's This and That is a mixture of poems and song lyrics about a range of feelings. Words about love, broken hearts, things that might be silly, and abuse by husband, boyfriend, friend or family member. I try to convey feelings that might have you touching the sky, walking with a rain cloud overhead, or maybe shaking your head in wonderment. You might laugh, cry, or be left scratching your head. My hope is that my poems or songs will let someone know they aren't alone in what they have been through, and that tomorrow can be better. That faith will see you through. I give thanks to God for giving me these words to write. I dedicate this book to my mom, my family, my friends, and each and every person, who has helped me along the way, even the ones I don't know. I thank them, one and all, each one that took time to read my poems even though they might not have wanted to read them. Some people say some of my poems or songs lyrics are off the wall or too much about love. To this, I can only say: The reason I write off the wall stuff is I play on the ceiling a lot. and It may not be love but it is close enough to chocolate to taste good.

poetry for the hip hop at heart mickey bey: If God Could Rap (Rhythm & Poetry) Hafis Bey, 2022-07-25 RAP. The first thing you will learn from this book is that the word RAP in the music genre means Rhythm and Poetry. Today, in its full capacity, it's a lost art form. In a world of legendary urban street poets and great rappers like NAS, DMX, Notorious B.I.G., Jay-Z, and 2Pac. Lyrics in Rap/Hip Hop songs in mainstream media today have been dumbed down to pure ignorance, negative vibrational perceptual self-talk, and mumbo jumbo. One has to ask themselves whether this is the evolution of the genre or on purpose. Purposely done to program the minds of the youth? The power of words is as true as water is wet. Words cast spells for those who bear witness to the magic in speech. Unlike Rap/Hip Hop in the past, we had a balance with rap groups like Public Enemy, A Tribe Called Quest, and X-Clan to the street ballots of the '90s with Mobb Deep, CNN, Snoop Dogg, and Wu-Tang Clan. Most of today's rap lyrics lack substance, influential positive energy, and sustenance for the listener. This does the listener a great injustice and robs them of the power of words. When in the beginning, there was only the word, and the word was with the GODs. What makes up a true rap song is rhythm and poetry. A marriage that cannot be denied as perfect matrimony. Rap as an art form must be balanced with these two ingredients for it to truly be a RAP song by definition. This book highlights the importance of rap lyrics having meaning. Conveying a message to teach, reach, or repel any person, place, experience, or idea in the listener's mind. May these poems give the reader what they are missing in RAP music today. The power of words. Hearing the words to a song has a totally different effect than reading the words to a song. These poems are meant for you to read with an open mind but it may not be for the narrow-minded, bougie, faint and/or, in some cases, parental discretion may be advised
