

stylistics and the teaching of literature hg widdowson

Stylistics and the Teaching of Literature: HG Widdowson's Influence on Language and Literature Education

stylistics and the teaching of literature hg widdowson represent a fascinating intersection of language analysis and literary education that has significantly shaped modern approaches to teaching English literature and language. HG Widdowson, a renowned scholar in applied linguistics, brought fresh perspectives to how stylistics can be integrated into the classroom, helping students engage deeply with texts by examining language choices and their effects. This article explores the key concepts behind stylistics in literature teaching, Widdowson's contributions, and practical ways educators can apply these ideas to enrich learners' understanding and appreciation of literary works.

Understanding Stylistics and Its Role in Literature Teaching

Stylistics is the study of style in language, especially the distinctive features of literary texts that create meaning, evoke emotion, and convey artistic expression. Unlike pure literary theory, stylistics bridges linguistics and literature, focusing on how language works on a micro-level to produce particular effects. When applied to teaching literature, stylistics encourages students to look beyond plot and theme to analyze language patterns, figures of speech, syntax, and sound devices.

Why Stylistics Matters in the Classroom

Incorporating stylistics into literature teaching offers several benefits:

- **Enhances critical reading skills:** Students learn to dissect language choices and understand their impact on tone, mood, and characterization.
- **Develops linguistic awareness:** Analyzing stylistic features deepens knowledge of grammar, semantics, and phonology in context.
- **Encourages active interpretation:** Learners engage with texts more interactively, questioning why authors select certain words or structures.
- **Bridges language and literature:** Stylistics makes the teaching of literature more accessible to language learners by connecting literary appreciation with language learning.

These advantages align with broader educational goals of fostering analytical thinking and appreciation for language artistry.

HG Widdowson's Contributions to Stylistics and

Literature Education

HG Widdowson is a pivotal figure whose work has reshaped how stylistics is understood and taught, particularly in English as a Second Language (ESL) contexts. His approach emphasizes the communicative function of language and the interpretative role of the reader, moving away from prescriptive or purely theoretical models.

Widdowson's Interpretive Stylistics

One of Widdowson's key contributions is the concept of interpretive stylistics, which focuses on how readers make meaning from texts through interaction with language. He argued that stylistic analysis is not just about identifying linguistic features but about understanding their significance within a communicative context. This perspective encourages teachers to facilitate discussions where students hypothesize, debate, and reflect on how language shapes interpretation.

Context and Reader Response

Widdowson highlighted the importance of context in stylistic analysis. The meaning of stylistic features can shift depending on cultural, historical, or situational factors, and readers bring their own backgrounds to the interpretive process. His work urges educators to create classroom environments that recognize diverse perspectives and encourage personal engagement with texts.

Practical Applications of Stylistics in Literature Teaching

Integrating the insights of stylistics and HG Widdowson's theories into teaching practices can transform literature lessons from passive reading to dynamic exploration. Here are some practical ways teachers can apply stylistic analysis:

1. Close Reading with a Stylistic Lens

Encourage students to perform close readings by focusing on specific language features such as:

- Word choice and connotation
- Sentence structure and rhythm
- Sound patterns like alliteration or assonance
- Figurative language such as metaphors and similes

Ask guiding questions like: How does this particular word influence the mood? What effect does the sentence length have on pacing? This approach trains learners to notice the craft behind writing.

2. Comparing Different Texts or Passages

Comparative stylistics invites students to analyze how different authors or genres use language uniquely. For example, comparing a poem and a prose passage on a similar theme can reveal contrasts in style and tone. This method broadens students' understanding of literary diversity and stylistic choices.

3. Creative Stylistic Exercises

Teachers can design activities where students imitate the style of a particular author or rewrite a passage using different stylistic features. These exercises deepen comprehension by putting learners in the role of the writer, making stylistics experiential.

4. Encouraging Reader Interpretation and Discussion

Following Widdowson's emphasis on reader response, classrooms should foster open discussions about how stylistic elements influence personal interpretations. This can be done through group debates, reflective writing, or peer feedback, helping learners appreciate multiple viewpoints.

Challenges and Considerations in Teaching Stylistics

While stylistics provides valuable tools for literature teaching, educators must navigate certain challenges:

- **Balancing linguistic analysis and literary appreciation:** Too much focus on technical features can overshadow emotional and thematic engagement.
- **Adapting to diverse student backgrounds:** Stylistic interpretation depends on cultural and linguistic context, so teachers should be sensitive to varying levels of familiarity.
- **Avoiding overly complex terminology:** To keep lessons accessible, it's important to explain stylistic concepts in clear, relatable language.

By thoughtfully addressing these issues, teachers can maximize the benefits of stylistics without alienating learners.

The Ongoing Relevance of HG Widdowson's Ideas

More than decades after his foundational work, Widdowson's approach to stylistics remains crucial in today's classrooms, especially as literature teaching intersects increasingly with language education and digital literacy. His insistence on the interactive nature of reading and the significance of context continues to inspire educators to design lessons that are both intellectually rigorous and engaging.

Moreover, in an era where global classrooms bring together students from diverse linguistic and

cultural backgrounds, Widdowson's focus on interpretive flexibility and reader involvement helps create inclusive learning environments. Stylistics, through his lens, becomes not just a tool for analysis but a means of connecting learners with literature on a personal and meaningful level.

Exploring stylistics and the teaching of literature HG Widdowson style opens up exciting possibilities for learners to appreciate language as a living, dynamic medium. It invites students to become not only readers but active interpreters and creators, enriching their literary experience in profound ways.

Frequently Asked Questions

Who is H.G. Widdowson and what is his contribution to stylistics and the teaching of literature?

H.G. Widdowson is a prominent linguist and scholar known for his work in applied linguistics, stylistics, and language teaching. He has contributed significantly to the understanding of how stylistic analysis can be integrated into the teaching of literature, emphasizing the role of language use and interpretation in literary texts.

What is stylistics according to H.G. Widdowson?

According to H.G. Widdowson, stylistics is the study of linguistic style, focusing on how language is used in literary texts to create meaning and effect. It involves analyzing features such as vocabulary, grammar, and discourse patterns to interpret the text beyond its surface meaning.

How does H.G. Widdowson suggest stylistics can enhance literature teaching?

Widdowson suggests that stylistics can enhance literature teaching by providing students with tools to analyze and appreciate the language of literary texts. This approach encourages close reading and critical thinking, helping learners to uncover deeper meanings and the author's intentions through linguistic features.

What role does context play in Widdowson's approach to stylistics in literature teaching?

In Widdowson's approach, context is crucial because the meaning of linguistic choices in literature is influenced by social, cultural, and situational factors. Understanding context helps students interpret texts more accurately and appreciate the nuances of style and meaning.

How does Widdowson's perspective differ from traditional literary analysis?

Widdowson's perspective differs from traditional literary analysis by focusing more on the linguistic elements of a text rather than solely on thematic or historical aspects. He advocates for an applied linguistic approach that combines language study with literary interpretation, making the teaching of literature more accessible and analytical.

Can Widdowson's stylistic approach be applied to all literary genres in teaching?

Yes, Widdowson's stylistic approach can be applied to various literary genres including poetry, prose, and drama. By examining the distinctive linguistic features of different genres, students can develop a deeper understanding of how style shapes meaning across diverse types of literature.

Stylistics and the Teaching of Literature: HG Widdowson's Enduring Influence

stylistics and the teaching of literature hg widdowson represent a pivotal intersection in applied linguistics and literary studies. HG Widdowson, an influential figure in the realm of language education, has made significant contributions to understanding how stylistic analysis can be effectively integrated into literature teaching. His work bridges the gap between linguistic theory and practical classroom application, offering educators a nuanced framework to engage students with texts beyond mere content comprehension. This article delves into Widdowson's perspectives, exploring the role of stylistics in literature education and its broader implications for language teaching methodologies.

Understanding Stylistics in the Context of Literature Education

Stylistics, broadly defined as the study of linguistic style in texts, occupies a unique niche where language analysis meets literary interpretation. It emphasizes the systematic examination of language features—such as syntax, diction, figurative language, and phonology—and their effect on meaning and reader response. HG Widdowson's approach to stylistics extends this definition by advocating for an analytical pedagogy that empowers learners to decode texts through an active engagement with language patterns.

In traditional literature teaching, the focus often lies on thematic and contextual analysis, sometimes overlooking the linguistic intricacies that shape a work's artistic expression. Widdowson challenges this convention by asserting that stylistics offers a critical tool for unlocking layers of meaning inherent in literary texts. His perspective encourages teachers to adopt a more language-conscious approach, thereby enriching students' interpretive skills.

HG Widdowson's Contributions to Stylistics and Literature Teaching

HG Widdowson's seminal works emphasize the inseparability of language and literature in the educational process. He argues that stylistics functions as a mediating discipline, linking linguistic competence with literary appreciation. By employing stylistic analysis, learners can move beyond surface-level readings and engage in a dialogic process with the text, interpreting how language choices shape narrative voice, tone, and mood.

Widdowson's pedagogical model promotes the integration of stylistic features into literature curricula, encouraging teachers to:

- Highlight linguistic markers such as repetition, parallelism, and metaphor to reveal authorial intent.
- Facilitate student-led analyses that foster critical thinking and interpretive autonomy.
- Use stylistic frameworks as scaffolding tools that bridge language learning with literary exploration.

This approach aligns with his broader educational philosophy, which emphasizes learner-centeredness and the importance of context in language use.

The Role of Stylistics in Enhancing Literary Comprehension

One of the central tenets of Widdowson's theory is that stylistics enhances literary comprehension by foregrounding the linguistic texture of texts. Through detailed attention to stylistic devices, students gain insights into how meaning is constructed and conveyed. This process not only deepens understanding but also cultivates an appreciation for the artistry of language.

For example, analyzing the use of irony or ambiguity in a poem through a stylistic lens enables learners to grasp subtleties that might otherwise remain obscure. Moreover, this method supports the development of analytical skills transferable to other academic domains, including critical writing and discourse analysis.

Comparative Perspectives: Traditional vs. Stylistic Approaches

When comparing traditional literature teaching methods with those informed by stylistics, several distinguishing features emerge:

1. **Focus on Language:** Traditional approaches often prioritize plot and character, whereas stylistics centers on language use and textual form.
2. **Analytical Depth:** Stylistic teaching encourages micro-level analysis, dissecting linguistic components to uncover meaning.
3. **Student Engagement:** Stylistics promotes active learner participation through interpretive tasks, contrasting with more passive reception in conventional methods.

While traditional literature instruction remains valuable, integrating stylistics according to Widdowson's framework enriches the learning experience by providing tools for more sophisticated textual engagement.

Practical Implications for Educators

Implementing Widdowson's stylistic approach in classrooms requires thoughtful adaptation. Teachers must balance linguistic analysis with literary context to avoid reducing texts to mere language exercises. Effective integration involves:

- Selecting appropriate texts that lend themselves to stylistic scrutiny without overwhelming students.
- Designing activities that scaffold stylistic concepts incrementally.
- Encouraging collaborative discussions to explore multiple interpretations.
- Utilizing digital tools and corpora to facilitate linguistic exploration.

Such practices help cultivate an environment where stylistics becomes a lens through which literature is experienced more vividly.

Challenges and Considerations

Despite its benefits, the stylistic approach as advocated by HG Widdowson is not without challenges. Some of the potential drawbacks include:

- **Complexity for Beginners:** Novice learners may find detailed linguistic analysis daunting without sufficient support.
- **Resource Limitations:** Educators may lack access to training or materials tailored for stylistic teaching.
- **Balancing Act:** Maintaining a balance between linguistic form and literary content requires pedagogical finesse.

Addressing these issues involves ongoing professional development and collaborative curriculum design to ensure stylistics enhances rather than complicates literature education.

Stylistics and Language Teaching: Broader Educational Impacts

HG Widdowson's integration of stylistics into literature teaching also resonates within the wider field of language education. His emphasis on the interplay between language form and meaning supports communicative competence by encouraging learners to become aware of language variation and stylistic choices in real-world contexts.

Furthermore, stylistics can facilitate cross-cultural understanding by highlighting how language styles reflect cultural values and ideologies embedded in texts. This dimension is particularly relevant in multilingual and multicultural classrooms, where literature serves as a gateway to diverse perspectives.

Incorporating Widdowson's insights, language educators can promote critical literacy skills that extend beyond literary texts to everyday communication and media analysis.

Stylistics and the teaching of literature hg widdowson remain an influential paradigm that continues to shape contemporary pedagogical practices. By foregrounding the linguistic artistry of texts, Widdowson's approach offers a dynamic framework that enriches literary interpretation and fosters critical engagement. As educators navigate evolving curricular demands, his contributions provide valuable guidance for cultivating learners who are not only proficient readers but also insightful analysts of language and meaning.

Stylistics And The Teaching Of Literature Hg Widdowson

stylistics and the teaching of literature hg widdowson: Stylistics and the Teaching of Literature H.G. Widdowson, 2014-06-06 This volume forms part of the Applied Linguistics and Language Study collection that looks at the field of analysing and appreciating literary texts. First published in 1975, this text makes a considerable contribution to extending our view of the principles underlying language teaching and curriculum design. The author begins by distinguishing the idea that discipline from the pedagogic subject in order to demonstrate that stylistics is Janus like in the way it can be treated, for example, at school or university, as a way from linguistics to literary study or the reverse. To understand this bidirectionality he explains distinctions between the linguist's text and the critic's messages by introducing the concept of discourse as a means through which to understand the communicative value of passages of language.

stylistics and the teaching of literature hg widdowson: **Stylistics and the Teaching of Literature** Henry George Widdowson, 1979

stylistics and the teaching of literature hg widdowson: *Stylistics and the Teaching Literature* H. G. Widdowson, 1975

stylistics and the teaching of literature hg widdowson: **Practical Stylistics** H. G. Widdowson, 1992-09-03 This book takes a particular perspective on the nature of poetry and follows this through to proposals for teaching. It focuses attention on how the use of language in short poems can set up conditions for individual interpretation and the representation of reality in ways other than those which are established by normal social convention. This view of poetry, it is argued, leads to a recognition of its essential role in education, and provides a set of principles for an approach to teaching it which integrates the study of language and literature.

stylistics and the teaching of literature hg widdowson: Key Terms in Stylistics Nina Nørgaard, Beatrix Busse, Rocío Montoro, 2010-10-21 >

stylistics and the teaching of literature hg widdowson: Literature in Language Education Geoff Hall, 2015-07-06 A state of the art critical review of research into literature in language education, of interest to teachers of English and modern foreign languages. Includes prompts and principles for those who wish to improve their own practice or to engage in projects or research in this area.

stylistics and the teaching of literature hg widdowson: Critical Theory and Practice: A Coursebook Keith Green, Jill LeBihan, 2006-10-19 Critical Theory and Practice answers lots of questions, but also stimulates new ones. Its tailor-made combination of survey, reader and workbook is ideal for the beginning - perhaps even bewildered - student of literary theory. The work is divided into seven chapters, each of which contains guiding commentary, examples from literary and critical works, and a variety of exercises to provoke and engage you. Each chapter includes a glossary and annotated selection of suggested further reading. There is also a full bibliography. The authors cover the key issues and debates of literary theory, including: * Language, Linguistics and Literature * Structures of Literature * Literature and History * Subjectivity, Psychoanalysis and Criticism * Reading, Writing and Reception * Women, Literature and Criticism * Literature, Criticism and Cultural Identity Critical Theory and Practice is an refreshingly clear, up-to-date and eminently readable introduction to the subject. It not only guides you through the terminology and gives you a selection of the key passages to read, it also helps you engage with the theory and apply it in practice.

stylistics and the teaching of literature hg widdowson: A Dictionary of Stylistics Katie Wales, 2014-09-11 Reviews of the first edition: '...a work of high seriousness...manna from rhetorical heaven for students and researchers with a lot of hard graft ahead of them...' (English Today) '...an impressive single-author reference work...' (English) '...Not only is this volume indispensable for anyone, students or academics, working in any field related to stylistics, it is, like all the best dictionaries, a very good read...' (Le Monde) Over the past ten years there have been striking advances in stylistics. These have given rise to new terms and to revised thinking of concepts and re-definitions of terms. A Dictionary of Stylistics, 2nd Edition contains over 600 alphabetically listed entries: fully revised since the first and second editions, it contains many new entries. Drawing material from stylistics and a range of related disciplines such as sociolinguistics, cognitive linguistics and traditional rhetoric, the revised Third Edition provides a valuable reference work for students and teachers of stylistics, as well as critical discourse analysis and literary criticism. At the same time it provides a general picture of the nature, insights and methodologies of stylistics. As well as explaining terminology clearly and concisely, this edition contains a subject index for further ease of use. With numerous quotations; explanations for many basic terms from grammar and rhetoric; and a comprehensive bibliography, this is a unique reference work and handbook for stylistic and textual analysis. Students and teachers at secondary and tertiary levels of English language and literature or English as a foreign or second language, and of linguistics, will find it an invaluable source of information. Katie Wales is Professor of Modern English Language, University of Leeds and Dean of Learning and Teaching in the Faculty of Arts.

stylistics and the teaching of literature hg widdowson: Literature, Metaphor and the Foreign Language Learner Jonathan Picken, 2007-10-23 Theory in reader-response and stylistics traditions supports L2 work with literature as it is valued by students and helps develop communicative and critical language skills. The author uses insights from empirical research to evaluate current teaching practices against this background, highlighting readers' responses to metaphor as a test case.

stylistics and the teaching of literature hg widdowson: Routledge Encyclopedia of Language Teaching and Learning Michael Byram, 2004 This handbook deals with all aspects of contemporary language teaching and its history. Produced for language teaching professionals, it is also useful as a reference work for academic studies at postgraduate level.

stylistics and the teaching of literature hg widdowson: Vocabulary Ronald Carter, 2012-03-15 How do we teach and learn vocabulary? How do words work in literary texts? In this book, Ronald Carter provides the necessary basis for the further study of modern English vocabulary with particular reference to linguistic descriptive frameworks and educational contexts. *Vocabulary: Applied Linguistic Perspectives* includes an introductory account of linguistic approaches to the analysis of the modern lexicon in English and discusses key topics such as vocabulary and language teaching, dictionaries and lexicography and the literary, stylistic study of vocabulary. This Routledge Linguistics Classic includes a substantial new introductory chapter situating the book in the current digital age, covering changes and developments in related fields from lexicography and corpus linguistics to vocabulary testing and assessment as well as additional new references. *Vocabulary: Applied Linguistic Perspectives* has been widely praised since first publication for the breadth, depth and clarity of its approach and is a key text for postgraduate students and researchers studying vocabulary within the fields of English Language, Applied Linguistics and Education.

stylistics and the teaching of literature hg widdowson: Writing: Texts, Processes and Practices Christopher N. Candlin, Ken Hyland, 2014-06-11 *Writing: Texts, Processes and Practices* offers an innovative and multidisciplinary approach to writing in a variety of academic and professional settings. The book is composed of a series of original research-based accounts by leading authorities from a range of disciplines. The papers are linked through a unifying perspective which emphasises the role of cultural and institutional practices in the construction and interpretation of written texts. This important new book integrates different approaches to text analysis, different perspectives on writing processes, and the different methodologies used to research written texts. Throughout, an explicit link is made between research and practice illustrated with reference to a number of case studies drawn from professional and classroom contexts. The book will be of considerable interest to those concerned with professional or academic writing and will be of particular value to students and lecturers in applied linguistics, communication studies, discourse analysis, and professional communications training. The contributors to this volume are: Robert J. Barrett Vijay K. Bhatia Christopher N. Candlin Yu-Ying Chang Sandra Gollin Ken Hyland Roz Ivanic Mary R. Lea Ian G. Malcolm John Milton Greg Myers Guenter A. Plum Brian Street John M. Swales Sue Weldon Patricia Wright

stylistics and the teaching of literature hg widdowson: Investigating English Discourse Ronald Carter, 2012-12-06 In this challenging and at times controversial book, Ronald Carter addresses the discourse of 'English' as a subject of teaching and learning. Among the key topics investigated are: * grammar * correctness and standard English * critical language awareness and literacy * language and creativity * the methodological integration of language and literature in the curriculum * discourse theory and textual interpretation. *Investigating English Discourse* is a collection of revised, re-edited and newly written papers which contain extensive contrastive analyses of different styles of international English. These range from casual conversation to advertisement, poetry, jokes, metaphor, stories by canonical writers, public notices and children's writing. Ronald Carter highlights key issues for the study and teaching of 'English' for the year 2000 and beyond, focusing in particular on its political and ideological inflections. *Investigating English Discourse* is of relevance to teachers and students and researchers in the fields of discourse analysis, English as a first, second and foreign language, language and education, applied and literary linguistics.

stylistics and the teaching of literature hg widdowson: Language, Literature and the Learner Ronald Carter, John Mcrae, 2014-09-25 *Language, Literature and the Learner* is an edited volume evolving from three international seminars devoted to the teaching of literature in a second or foreign language. The seminars explicitly addressed the interface between language and literature teaching to investigate the ways in which literature can be used as a resource for language growth at secondary, intermediate and upper-intermediate level. This book presents the reader with a practical classroom-based guide to how the teaching of language and literature, until recently seen as two distinct subjects within the English curriculum, can be used as mutually

supportive resources within the classroom. Through essays and case studies it reports on the most recent developments in classroom practice and methodology and suggests ways in which the curriculum could be reshaped to take advantage of this integrated approach. The text will be essential reading for students undertaking PGCE, TESOL/MA, UCLES, CTEFLA, RSA and Teachers' Diploma courses worldwide. Students of applied linguistics, those on stylistics courses and undergraduates studying English language will welcome it as accessible supplementary reading.

stylistics and the teaching of literature hg widdowson: *Textual Practice* Terence Hawkes, 2005-08-08 First Published in 1989. Routledge is an imprint of Taylor & Francis, an informa company.

stylistics and the teaching of literature hg widdowson: *Language and World Creation in Poems and Other Texts* Elena Semino, 2014-09-25 *Language and World Creation in Poems and Other Texts* introduces an interdisciplinary and practical approach to the analysis of poetry which focuses on text worlds, namely the contexts, scenarios or types of reality that readers construct in their interaction with the language of texts. The book demonstrates in detail three ways of approaching poetic text worlds, namely as discourse situations, possible worlds, and mental constructs. Clear and detailed introductions to linguistic theories of definiteness and deixis, possible world theory and schema theory are included, making the book accessible to readers who are unfamiliar with these frameworks.

stylistics and the teaching of literature hg widdowson: *Listening in Language Learning* Michael Rost, C N Candlin, 2014-06-17 Examines listening as both a means of achieving understanding and as a teachable skill. The underlying theme of the volume is that an integration of cognitive, social, and educational perspectives is necessary in order to characterise effectively what listening ability is and how it may develop. It introduces listening from a cognitive perspective, and presents a detailed investigation of listening in social and educational contexts. The study concludes with an analysis of how listening development can be incorporated effectively into curriculum design.

stylistics and the teaching of literature hg widdowson: *Stylistics* Peter Verdonk, 2002-03-28 This book deals with the study of style in language, how styles can be recognized, and their features. It examines how style is used in literary and non-literary texts, and how familiarity with style is a matter of socialization. The author also discusses the relationship between text and discourse, the production and reception of meaning as a dynamic contextualized interaction, the question of perspective and the variable representation of reality, and how stylistics can complement literary criticism. The final chapter deals with social reading and ideological positioning, including some thoughts on feminist stylistics and critical discourse analysis.

stylistics and the teaching of literature hg widdowson: *English Studies Beyond the 'Center'* Myles Chilton, 2015-11-06 This book addresses the shape of English studies beyond the 'center' by analyzing how the discipline has developed, and by considering how lessons from this analysis relate to the discipline as a whole. The book aims to open a cross-disciplinary conversation about the nature of the English major in both non-Anglophone and Anglophone countries by addressing the tensions between language and literature pedagogy, the relevance of a focus on hyper-canonical Anglophone literature in a world of global Englishes, world literature, and multilingual students, and by reflecting on the necessary contingency and cross-purposes of blended literature and language classrooms. Many of the book's points of discussion arise from the author's experience as an English professor in Japan, where the particularities of English language and literature pedagogy raise significant challenges to Anglo-centric critical and pedagogical assumptions. *English Studies Beyond the 'Center': Teaching Literature and the Future of Global English* therefore argues that English literature must make a case for itself by understanding its place in a newly configured discipline. Issues discussed in the book include: English language and literature pedagogy in Japan The modes through which EFL and English literary studies converge and diverge Globalized English beyond the Anglo-American perspective English classroom practices, particularly in Japan

stylistics and the teaching of literature hg widdowson: *The Language and Literature*

Reader Ronald Carter, Peter Stockwell, 2020-08-19 The Language and Literature Reader is an invaluable resource for students of English literature, language, and linguistics. Bringing together the most significant work in the field with integrated editorial material, this Reader is a structured and accessible tool for the student and scholar. Divided into three sections, Foundations, Developments and New Directions, the Reader provides an overview of the discipline from the early stages in the 1960s and 70s, through the new theories and practices of the 1980s and 90s, to the most recent and contemporary work in the field. Each article contains a brief introduction by the editors situating it in the context of developing work in the discipline and glossing it in terms of the section and of the book as a whole. The final section concludes with a 'history and manifesto', written by the editors, which places developments in the area of stylistics within a brief history of the field and offers a polemical perspective on the future of a growing and influential discipline.
