podcast planning worksheet free: *The Strategy Activation Playbook* Aric Wood, 2022-09-13 Organizations spend over \$160 billion a year hiring consultants to develop and execute strategies, and yet 80 percent of corporate strategies fail. Why? Because we forget the most important factor in successfully executing strategy: People. Our old models of change management and strategy execution assume that organizations are monolithic and can move directly from strategy-making to strategy-doing. But the modern organization is made up of increasingly more diverse, empowered, and free-thinking people, and we need to evolve how we launch our strategies to ensure we engage, align, and empower diverse groups of people to move forward together. If you want to be part of the 20 percent of leaders who succeed, then you need a new playbook for bringing your strategy to life.
