how old is sylvester stallone: Sylvester Stallone: Born to Fight Fabricio Sales Silva, When I was born in Hell's Kitchen, New York, doctors had to use forceps for childbirth, causing permanent damage to my face. My mouth was crooked, my speech compromised and that's how they started telling me that I could never act, that no one would give someone like me a chance. Since I was a child, I have lived with mockery, nicknames and the constant feeling of not belonging. But it was precisely from this pain that I drew my greatest strength. I learned early on that no one but me could decide who I would be. Over the years, I've had to make tough decisions, facing fears that many prefer to avoid. There were nights when I slept in the cold of the bus terminal, hungry and with only a few coins in my pocket, wondering if it was worth continuing. I could have given up there, I could have chosen the easy way out, but I understood that no matter how much you fall, what matters is the determination to get up again. It's not about how much you hit, but how much you can take a beating and move on. What about you? What fight are you waging now? What challenges are trying to convince you that you're not strong enough? Don't listen to those voices. Don't let anyone convince you that you don't deserve what you want. And starring alongside his childhood heroes Stallone, Schwarzenegger, Willis and Jet Li, it is hard to imagine him anywhere else. Born in south London, Jason Statham has always been an action-man. As a boy, Jason chose not to follow in the footsteps of his parents and instead cultivated his thirst for adrenaline in athletics and diving - a skill that took him to the World Championships in 1992. But it was on the athletics track that he was first discovered by a modelling scout for Tommy Hilfiger and French Connection, which eventually led Jason to the then fledgling director Guy Ritchie. A string of Hollywood blockbusters - Lock Stock, Revolver, Snatch - followed. But perhaps his best known role came in 2002 when Jason was cast as Frank Martin in The Transporter. how old is sylvester stallone: *"All I wanna do is go the distance"* Philip L. Simpson, Kathy Merlock Jackson, 2025-08-22 If any film has gone the distance, it's *Rocky* (1976), which spawned one of the longest running franchises in film history. Released in America's bicentennial year, *Rocky*, based on an original screenplay by then-unknown writer and actor Sylvester Stallone, surprised everyone. Shot on a shoestring budget by director John Avildsen, the film became a blockbuster and Academy Award-winning best picture. In addition to spawning a lucrative franchise and spin-offs, *Rocky* propelled the careers of Stallone and Talia Shire, raised interest in boxing and sports movies, and placed Philadelphia and its architecture in the popular consciousness. *Rocky* has always been a contested text, raising questions about race, gender, and class in America, as well as debate about genre, storytelling, and film art--questions which are addressed at length in this rich collection of essays. As the contributing scholars show, *Rocky* and its sequels retain their power to rouse audiences well into the twenty-first century and continue to inspire audiences, athletes, and filmmakers.

how old is sylvester stallone: *Richard Harris* Joe Jackson, 2022-11-18 In 1987, when Richard Harris - the legendary star of *This Sporting Life*, *The Field* and *Harry Potter and the Philosopher's Stone* - was interviewed for the first time by Joe Jackson, they almost came to blows. Jackson was determined to unearth deeper truths about the actor than he usually disclosed during interviews. Harris had manipulated the media all his life, largely to keep people from getting to really know him. However, by the time that interview ended, they had become firm friends. It was only then that Jackson told Harris, 'I want to show the public that there is far more to you than your superficial image as a boozing, brawling womaniser.' Harris loved this idea and two years later he asked Jackson to write his biography. *Richard Harris: Raising Hell and Reaching for Heaven* is that biography. But it is much more besides. Based on a searingly honest series of interviews Jackson recorded with Harris between 1987 and 2001, plus the author's journal entries and extensive notes, this book is also a part-memoir that tells a highly personal and moving back story about why it was inevitable that Jackson and Harris would connect at the deepest possible level. This book will finally prove beyond a doubt that there was far more to Richard Harris, indisputably one of Ireland's greatest actors as well as a Grammy-award-winning recording artist and published poet, than has previously been revealed.

No press conference had been organized, the Hollywood trades received no advance notice, and there was a conspicuous lack of the fanfare that usually accompanies such bombshell announcements. Instead, the news that Bruce Willis was retiring from acting came in a simple statement on his ex-wife Demi Moore's Instagram page—along with the tragic news that Willis was suffering from aphasia, a cognitive disorder that subsequently worsened to become frontotemporal dementia.
