mcgraw hill global business today 8th edition: Corporate Security Crossroads

Richard J. Chasdi, 2017-11-10 Even though terrorism poses an increasing threat to multinational companies, corporate leaders can thwart attacks by learning to navigate the complexities of foreign governments, social unrest, and cultural dissonance. Multinational corporations are on the front lines of terrorism and cyberattacks—two of the world's biggest threats to global security. How can corporate leaders mitigate their organizations' risks and develop an infrastructure that detects and deters a security menace before it happens? This timely reference lays out essential political context and historical background to help executives identify contemporary threats and understand the interconnections between threat dynamics in an increasingly dangerous international environment. This compelling work is organized into seven chapters. The beginning chapters profile the specific risks for multinational companies and detail which global—and regional—factors might propagate violence targeted at American-based businesses. Next, two historical case studies on terrorist assaults at Tigantourine and Mombasa illustrate how counterterrorism can successfully thwart potential attacks against business targets. mcgraw hill global business today 8th edition: Marketing in Culturally Distant Countries

Giovanna Magnani, 2022-06-28 The aim of this book is to offer up-to-date insights into the challenges for international firms represented by managing their marketing mix in “distant” countries, especially considering the role played by cultural distance. Building on the famous McCarthy’s “4Ps,” and on the concept of “cultural distance,” the book outlines some key challenges and opportunities for firms that manage international marketing policies about “product,” “price,” “place,” and “promotion” in culturally distant markets. At the same time, the book looks at extant conceptualizations and approaches considering the evolving environmental forces, which are contributing to further challenges for firms that are confronted with changing economic and social scenarios. Indeed, markets and societies are increasingly affected by multiculturalism, and new patterns in consumers’ behaviors have emerged due to the proliferation of digital technologies and, more recently, due to several market disruptions such as the COVID-19 pandemic. How do firms manage culturally distant and increasingly evolving cultural environments is a relevant topic worthy of discussion from both a theoretical perspective and a practice-based approach, through the analysis of real-world case studies. Researchers of cross-cultural marketing and practitioners intending to get acquainted with the latest research on the topic would particularly benefit from this book.
